# IT'S THE BEST POLISH I EVER USED

That's What Every One Says Who Tries

## Black Silk Stove Polish

DON'T imagine for a moment that all brands of stove polish are the same. Don't get the idea that to keep a nice glossy shine on your stove you must black it every few days. It's not a question of oft-repeated application. It's a question of the stove polish to use. Black Silk Stove Polish is so much better than other stove polishes that there is absolutely no comparison—it is in a class all by itself.

It makes a brilliant glossy shine that doesn't rub or dust off. It anneals to the iron—becomes a part of the stove. It makes old stoves look like new and lasts four times as long as any other shine.

Get a can and give it a trial. Try it on your parlor stove, your cook stove, or your gas range. If you do not find it the best stove polish you ever used, your dealer is authorized to refund your money. Black Silk Stove Polish has been made by the same formula and sold under one name for 30 years.

Here is what some of the ladies write us:

"I sent you for a can of Black Silk Stove Polish and found it so much better than any I had ever used that I asked my hardware dealer to order a supply. He did so, and is now selling nearly everyone in the place your polish. I had no idea there could be such a difference in stove polishes."

"I was visiting friends and they used Black Silk Stove Polish on their stoves. It made the best shine I ever saw, and after blacking, the polish did not rub or dust off. It is way ahead of any polish I have ever used."

Ask Your Dealer for Black Silk Stove Polish and refuse a counterfeit brand. Costs you no more than the ordinary kind, so why not have the best. Made in liquid or paste—one quality.

Black Silk Stove Polish Works, Sterling, Ill.
